

APPLE STAMPING PUMPKIN CRAFT

Supplies for Apple Stamping Pumpkin Craft:

- Apple, cut down the center
- Orange Paint
- Googly eyes
- Brown and green pipe cleaners

Begin by cutting your apple in half. Using a small paint brush, dab some orange paint on one half of your apple. Carefully press down on the paper. Touch up any unpainted parts with your brush.

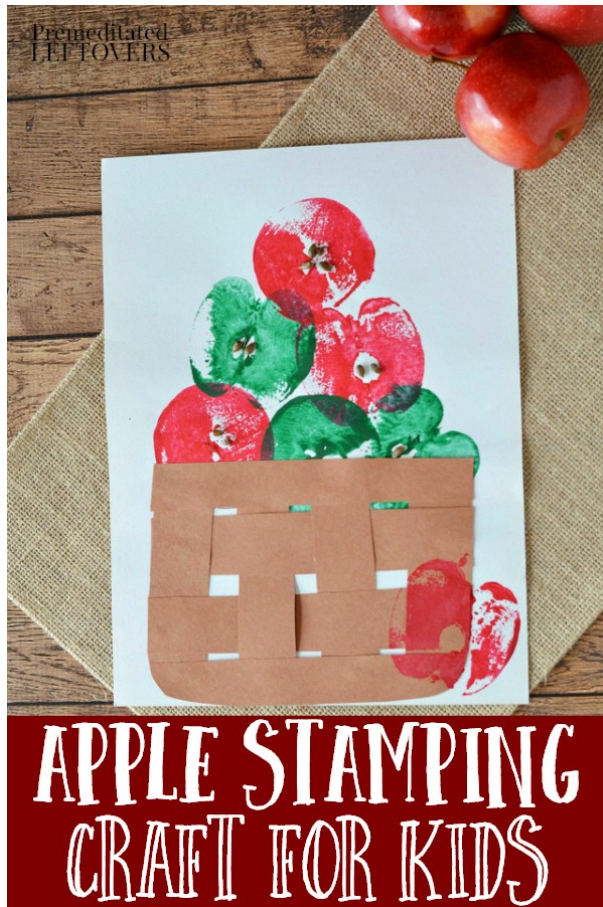

While your painted pumpkins are drying gather your remaining supplies. We liked to use different size googly eyes 😊 Cut your brown pipe cleaners into small stem sizes and twist your green pipe cleaners around a pencil to create a curly leaf.

Glue on your stem and curly leaf.

Lastly we attached our little googly eyes.

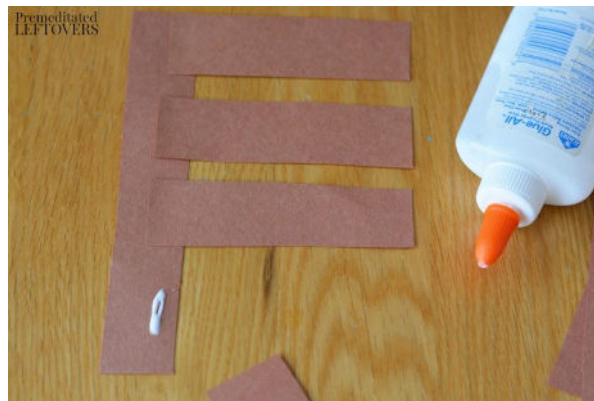

Materials Needed:

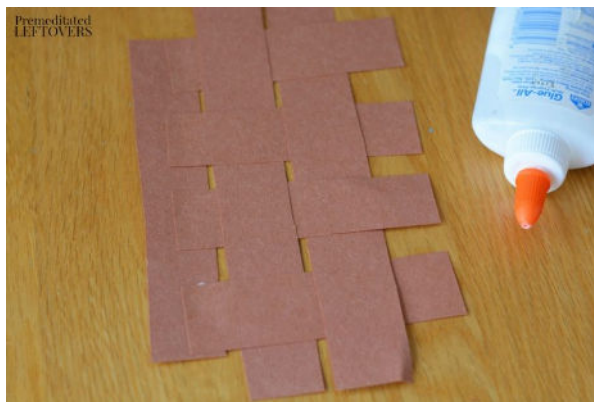

- brown paper
- white paper
- white glue or glue stick
- scissors
- green paint
- red paint
- 2 foam brushes (or paint brushes)
- 2 paper plates (or just something to put your paint on)
- 2 apples cut in half
- apple seeds reserved from cut apples
- markers optional

Instructions

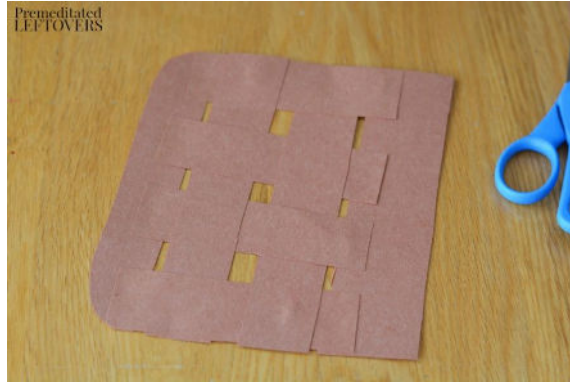

- Use scissors to cut a piece of construction paper in half.
- Cut one-half of a sheet of paper into long strips. Cut one-half of a sheet of paper into short strips.
- Lay one long strip on a flat surface and place the short strips in the opposite direction, overlapping and gluing the pieces together.

- Use long strips to weave the basket and glue the ends.

- Finish the basket with one long piece of paper, on the top and secure with glue. Trim the sides of the basket and round the corners on the bottom of the basket.

- Place paint on paper plates. Use foam brushes to apply paint to sliced apples and stamp them onto white construction paper. Let dry.

- When dry, use glue to add the basket to the paper and the seeds to the apple.

Optional: Add stems and leaves with markers if desired.
