

Make party poppers to celebrate Jesus' birthday!

- A paper cup
- A balloon
- Washi tape or masking tape
- Confetti
- Scissors

Cut a hole in the bottom of your cup, not too close to the edge because you need it to hold it's shape.

Take your balloon, cut the top off and stretch it around the bottom of the cup.

Now tape around the edge of the balloon to attach it to the cup.

Tie the end of your balloon to keep the confetti in, now fill it with confetti.

Hold the cup with the top pointing away from you, pull back the balloon and watch as the confetti pops into the air as you release the balloon!

Happy birthday Jesus!
